Experienced Full Stack Developer available for contract work, specializing in both custom web applications and WordPress website development. With a proven track record at YoungShand, I've led projects that enhance digital experiences for high-profile clients. Proficient in modern web technologies and CMS platforms, I bring a dynamic skill set and a commitment to delivering exceptional results. Eager to contribute my expertise to innovative projects in need of a versatile and dedicated developer.

Professional Experience

YoungShand, Auckland, NZ

Full Stack Developer
November 2022 – June 2024

- **Lead Developer** for the YoungShand website rebuild using Next.js and Strapi CMS
- Developed and implemented new features for client websites such as **Oceania** and **Blind Low Vision**, enhancing user engagement
- Created and customized WordPress websites, delivering responsive and user-friendly interfaces.
- Collaborated with senior developers to innovate and improve development processes.
- Utilized technologies including **React**, **Next.js**, **PHP** and **WordPress** to build robust front-end and back-end solutions.

Infection Risk Management, Auckland, NZ

Quality Assurance Officer (Part-Time)
January 2021 – Present

- Collect water samples across various Auckland hospitals to ensure water quality and safety standards are met.
- Manage data entry and administrative tasks, streamlining processes with advanced Excel analysis.

Chuwar Baptist Church, Brisbane, Australia

Youth Coordinator
January 2021 – May 2021

- Led and mentored a group of youths, organizing events and fostering community engagement.
- Enhanced teamwork and leadership skills, contributing to both personal and professional growth.

Education

Queensland University of Technology, Brisbane, Australia
